Thursday, September 22nd, 2005

17:00
Opening orgue concert in the Black Church

19:00
Welcome party in “The Fortress” Restaurant

Friday, September 23rd, 2005

08:00-08:30
Opening ceremony in Auditorium “Transylvania” University (Lecture Hall)

08:30-09:00
State of the art lecture I: The Enteric Nervous System in Intestinal Motility Disorders
Speaker: Heinz J KRAMMER, Mannheim
Chairperson: Luiza FLONTA, Bucharest

09:00-10:40
Session I. Basic research
Chairpersons: Juergen BARNERT, Augsburg; Nikolai LAZAROV, Stara ZAGORA

- Nikolai LAZAROV, Stara ZAGORA: Anatomical background of neurogastroenterology
- Luiza FLONTA, Bucharest: Molecular mechanisms of pain perception
- Andon KOSEV, Sofia: Sensorimotor integration in health and disease: a transcranial magnetic stimulation study
- Ljiljana GOJKOVIC BUCARICA, Beograd: Inhibition of contractility in guinea-pig terminal ileum by pinacidil
- Doru DEJICA, Cluj: Vasointestinal peptide (VIP) the link between immune and digestive systems. Therapeutic implications

10:40-11:00
Coffee break

11.00-11.30
State of the art lecture II: An integrated approach to functional GI Disorders
Speaker: Douglas A DROSSMAN, Chapel Hill
Chairperson: Dan L. DUMITRASCU, Cluj

11.30-13.00
Session II. Diagnosis and epidemiology of functional and motility GI disorders
Chairpersons: Paul ENCK, Tuebingen; Otiliu PASCU, Cluj

- Juergen BARNERT, Augsburg: Measurements of GI motility
- Silviu IOBAGIU, Cluj: Is endoscopy necessary for the diagnosis of FGID?
- Laurentiu NEDELCU, Brasov: Epidemiology of FGID
- Peter TEMESVARI, Kecskemet: Gastrointestinal motility and functional disorders in children

13.00-15.00
Lunch
15.00-15.30
State of the art lecture III: Enteropancreatic reflexes mediating the pancreatic enzyme response to nutrients - Experimental evidence for a hypothesis put forward by Pavlov more than 100 years ago
Speaker: Manfred SINGER, Mannheim
Chairperson: Monica ACALOVSCHI, Cluj

15.30-17:00
Session III: Motility disorders
Chairpersons: Mihaly BOROS, Szeged; Laurentiu NEDELCU, Brasov
Monica ACALOVSCHI, Cluj: Gastr bladder motor function in health and disease
Mihaly BOROS, Szeged: Bile in the esophagus - pathomechanism and therapeutic possibilities
Liviu GOZARIU, Cluj: Ghrelin, a gastric hormone with multiple functions
Vasilie DRUG, Iasi: Diabetic gastroparesis and diabetic digestive neuropathy
Ioan BANCILA, Bucharest: Differences in Baseline Esophageal Intraluminal Impedance Between Achalasia Patients and Patients with Normal Esophageal Peristalsis: A Case - Control Study

17.00-17.30
Satellite Symposium SOLVAY

19.00 Social Programme

Saturday, September 24th, 2005

08.00-08.30
State of the art lecture IV: Oesophageal function testing using combined multichannel intraluminal impedance and manometry
Speaker: Radu TUFUJANU, Zurich
Chairperson: Davor STIMAC, Rijeka

08.30-09.00
State of the art lecture V: Mechanisms of the placebo response in functional bowel disorders
Speakers: Sybille KLOSTERHALFEN, Paul ENCK, Tuebingen
Chairperson: Heinrich KRASSMER, Mannheim

09.00-10.40
Session IV. Therapy
Chairpersons: Oltea JOJA, Bucharest; Catalin VASILESCU, Bucharest
Dan DUMITRASCU, Cluj: Therapy of gastrointestinal functional and motility disorders
Spido KOSTANTINOV, Sofia: Chemotherapy-induced emesis and its pharmacological control
Catalin VASILESCU, Bucharest: Laparoscopy in the therapy of achalasia
Oltea JOJA, Bucharest: Psychotherapy in functional and dysmotility gastrointestinal disorders
Alin CUCU, Brasov: The impact of bowel motility on infection and nutrition in acute pancreatitis

10.40-11.00
Coffee break

11.00-13.00
Satellite Symposium P F I Z E R

11.30-13.15
Session V. Psychological aspects
Chairpersons: Mladenka TKALCIC, Rijeka; Mariana RADOI, Brasov
Mladenka TKALCIC, Rijeka: Psychosocial aspects of inflammatory bowel disease: Ulcerative colitis and Choon's disease
Davor STIMAC, Rijeka: Psychosomatic aspects of gastrointestinal diseases
Andrada SACEANU, Cluj: Pain assessment in functional gastrointestinal diseases
Cristina POJOGA, Cluj: Measuring quality of life in functional gastrointestinal disorders
Alessandra POKRAJAC-BULIAN, Rijeka: Psychosocial aspects in eating disorders. Motivation to control weight in obese persons

13.00-15.00
Lunch

15.00-17.00
Douglas DROSSMAN: Workshop - Communication with the functional patient

17.00 - 17.30
Satellite Symposium SICOMED

17.30 Closure ceremony

Social Programme

POSTER SESSION: Bacteria and IBS
Presenters:
Iulia BADILA, Cluj: Postinfectious IBS
Alexandru BABIN, Kishinew: Irritable bowel syndrome as a mask/satellite of digestive affections
Vladimir GUSC, Sinaia: An ecological approach towards the normal and the pathological biology of the colon

To be displayed between 23.09.05: 10:00 to 24.09.05: 15:00; authors will be available for discussions every day between 13h-13h30.

Sunday, September 25th, 2005

09.00-15.00
Motility and mobility
Trip to Dracula Castle and Rasnov Fortress

ORGANIZERS:

"Alexander von Humboldt" Foundation Bonn
University of Medicine and Pharmacy "Iuliu Hatieganu" Cluj
University "Transilvania" Brasov

in collaboration with:

V.TARUS Ro Agencies SRL
BMJ

President of the symposium: Dan L. DUMITRASCU

General Secretary of the symposium: Laurentiu NEDELCU

Scientific committee:
Monica ACALOVSCHI
Marius BOJITA
Alin CUCU
Douglas DROSSMAN
Paul ENCK
Mircea GRIGORESCU
Oliviu PASCU
Mariana RADOI
Manfred SINGER
Catalin VASILESCU
Martin WERNER

Organizing committee:
Costela BURCA
Liliana DAVID
Dinu DUMITRASCU
Dan GHEBAN
Gea MIRON
Cristina POJOGA
Daniel PURCARU
Valentin TARUS
Sebastian TOMA
Mirela SERBANOIU
Mihai TURCANU
Alexandru KERESTESZ
Loredana STAN
Alexandru UNGUREANU
